1. Reference is made to Army Regulations 604-10, a copy of which is attached. These regulations prescribe the standard, criteria, and administrative procedures for the reporting, investigation, and disposition of military personnel in the Department of the Army; for the rejection of applicants for appointment or enlistment; and for the rejection of persons who would otherwise be inducted or involuntarily ordered into the Army when retention in or acceptance into the Army is not clearly consistent with the interests of national security. They set forth activities, associations and circumstances which may be considered as establishing reasonable grounds for limitation of assignment, discharge in the interests of national security, or for rejection for service in any capacity.

2. Information has been received by the Department of the Army which furnishes reason to believe that your acceptance in the Army in any capacity would not be clearly consistent with the interests of national security. This information is to the effect that:

a. You were a member of the Labor Youth League in San Francisco, California, and in 1955 and 1956 you were a member of, held office, attended meetings and functions, and paid dues in the Franklin Delano Roosevelt Club of the Labor Youth League in Los Angeles, California. The Labor Youth League has been cited as a Communist organization by the Attorney General of the United States.
